### 3. EMERGENCY AND URGENT CARE

**3.1 Emergency Department Services.** Medically necessary emergency department services are covered up to \$5,000 per visit following satisfaction of the \$250 emergency services deductible. Facility and professional charges billed under evaluation and management codes 99281 through 99285 are eligible for coverage under this provision.

**3.2 Prudent Layperson Standard.** Coverage for emergency services is determined using the prudent layperson standard and is not contingent on the final diagnosis.

## **4. DIAGNOSTIC AND LABORATORY SERVICES**

**4.2 Diagnostic Imaging.** Medically necessary diagnostic radiology, including plain-film X-ray examinations, is covered at ninety percent (90%) of the allowed amount when performed by an in-network provider. The Member is responsible for the remaining ten percent (10%) as coinsurance.

**4.5 Laboratory Services.** Standard laboratory panels, including comprehensive metabolic panels and complete blood counts, are covered at one hundred percent (100%) of the allowed amount when performed by an in-network laboratory and ordered by a treating provider.

## **5. REFERRALS AND PRE-AUTHORIZATION**

**5.2 Out-of-Network Specialist Consultations.** Consultations rendered by out-of-network specialist providers require pre-authorization obtained prior to the date of service. Services rendered by an out-of-network specialist **without pre-authorization on file are not covered**, and the full billed amount is the responsibility of the Member.

**5.3 Retroactive Authorization.** Retroactive authorization may be granted only where the Member was medically incapacitated and unable to request authorization, and where the request is submitted within 48 hours of the service.

## 6. EXCLUSIONS AND LIMITATIONS

The following are excluded from coverage under this plan:

**6.3 Private Room Accommodation.** Charges for private room accommodation are **not covered** except where a private room is medically necessary for isolation purposes and has been pre-authorized by the Plan. **6.4 Cosmetic Procedures.** Procedures performed primarily to improve appearance are not covered.

**6.7 Personal Comfort and Convenience Items.** Charges for personal comfort, convenience, or administrative items are **not covered**. Excluded items include, without limitation: in-room television and telephone service, guest meals and guest accommodations, personal hygiene and convenience kits, and record duplication fees.
